

WEATHERBUILT™ Padlock Protection

BUILT TO ENDURE the Harsh Environment

It has happened to you—

—dust, dirt, debris, salt, moisture, chemicals, temperature extremes...have prevented padlock operation and access to property. Extra time, extra expense and much inconvenience have accompanied this experience. Regular maintenance can reduce the frequency of this occurrence, but the new Weatherbuilt™ offering from American Lock® can practically eliminate it.

The Weatherbuilt™ padlock protection is available as an option on 2" & 1-3/4" wide standard and interchangeable core American Lock® padlocks.

THE AMERICAN LOCK® WEATHERBUILT™ OFFERING PROVIDES THE HARSH ENVIRONMENT FEATURES THAT YOU DEMAND:

- Patent Pending Keyway Cover and Patented Shackle Seals Block Debris and Moisture
- Sliding Keyway Cover Separates for Easy Key Insertion and Rotation
- Stainless Steel and Brass Shackle Options Prevent Corrosion

THE HARSHEST ENVIRONMENTS DON'T STAND A CHANCE!

WEATHERBUILT™ Padlock Protection

American Lock® Weatherbuilt™ products respond to the harsh environments in which padlocks must operate, safeguards your property, and assures access 24 hours a day, 7 days a week, 365 days a year.

Patent Pending Keyway Cover and Patented Shackle Seals Block Debris and Moisture

Sliding Keyway Cover Conveniently Separates for Easy Key Insertion and Rotation
